Being an officer is a wonderful way to serve the chapter and to get to know other members. The best way to be helpful is to volunteer to assist one of the officers for a year and see what their job entails. That will give you insight into the position and courage to step up to the plate when it is your turn.

Please let Membership Chairman and Newsletter Editor know of address, phone, and email changes. We will list your summer address if you ask. Member address books will be issued in the spring and fall. Members may pick one up at regular monthly meeting. Please keep yours updated by checking info in the monthly newsletter.
